# OUR PRODUCTS & SERVICES

We provide structured technology solutions that help customers secure, connect, automate, and grow. Our services cover product supply, professional installation, service support, and scalable system implementation.

## 01 COMPUTING SOLUTIONS

Desktops, laptops, servers, workstations, and spares.

## 02 SURVEILLANCE & SECURITY

CCTV, access control, alarms, and safety systems.

## 03 NETWORKING SOLUTIONS

Structured cabling, wireless, fiber, and secure connectivity.

## 04 SOLAR EPC SOLUTIONS

On-grid, hybrid, off-grid, installation, and maintenance.

## 05 COMMUNICATION SYSTEMS

IPPBX, EPABX, intercom, and office communication.

## 06 UPS POWER SYSTEMS

Reliable power backup and protection solutions.

## 07 GPS & FLEET SOLUTIONS

Tracking, mobile DVR, fuel monitoring, and alerts.

## 08 PRINTERS & ACCESSORIES

Printers, cartridges, media, maintenance kits, and support.

## 09 RFID SOLUTIONS

Identification, tracking, access, and asset visibility.

## 10 AUTOMATION & SOFTWARE

Automation, business software, support, and productivity tools.

## Our Commitment

Quality solutions, professional installation, responsive support, and long-term customer relationships.

# NETWORKING SOLUTIONS

Building secure, scalable, and efficient connectivity infrastructure.

We provide networking solutions that create reliable communication, fast connectivity, and protected business operations.

## 01 Wired Structured Cabling

Organized cabling systems for clean and stable network foundations.

## 02 Wireless Networks

Reliable Wi-Fi deployment for office, campus, and business connectivity.

## 03 Fiber Optic Integration

High-speed backbone connectivity for performance and growth.

## 04 LAN & WAN Solutions

Professional setup for local and wide-area network environments.

## 05 Firewall Solutions

Robust protection against cyber threats and unauthorized access.

## 06 Leased Line Solutions

Dedicated business internet connectivity with consistent uptime.

## 07 Network Spares & Support

Essential components, accessories, and maintenance assistance.
